PERFORMANCE YOU CAN TRUST

Product Catalogue 2023

MADE IN THE UNITED KINGDOM

GLOBAL EDITION

We make **better products** in a **better** way.

» We select materials and processes that are more sustainable, and manufacturing that has less impact.

» Our products are designed to be more efficient, reducing energy use and carbon impact.

» We make products that are reliable, serviceable and built to last.

Our customers face complex and demanding challenges. Raising cleaning and hygiene standards for all, delivering increased productivity and significant contributions toward the urgent sustainability agenda, all pressing demands to the cleaning industry. Fulfilling today's demands and overcoming complex challenges requires professional cleaning solutions that deliver **Performance You Can Trust.**

We continue to focus on truly understanding our customers' needs to better design and manufacture sustainable cleaning solutions that deliver on performance and reliability. At the centre of all Numatic product development and manufacturing are three core values: Innovation, Quality and Price. These values help us to increase productivity, cleaning standards and meet the demands of all industries, across the globe.

Global Presence

Delivering excellence in customer service and product performance across the globe.

> We **export our products to 86 countries** across the world.

Manufacturing quality products that our customers can trust is a result of continued and significant investment in our design and manufacturing capabilities. Based in Somerset, UK, our Headquarters site employs a team of over 1,200, including expert specialists from fields such as materials science, battery technology, cleaning applications and automation. The UK facility covers 42 acres and houses the latest in design, manufacturing and testing hardware.

Subsidiary Numatic companies are based in France, Germany, South Africa, The Netherlands, Switzerland, Portugal, Spain and Italy. Long-standing relations with trusted international partners across the globe position us to deliver quality service and product performance in all markets to all customers.

From these sites, we export our products to 86 countries across the world.

Disposal

Built to Last
Our products are built to last with tried, tested and trusted designs, ongoing innovations and a commitment to developing sustainable cleaning solutions.

Efficiency
We ensure our products are the most efficient for every user; from water and detergent usage to electricity consumption.

Serviceability
Our products are designed to be easily and economically serviced throughout their lifecycle. We commit to support every product we have ever made, since day one.

Recycling
We are committed to developing products using high-quality, recycled plastic. Right from their initial design, our products are manufactured to be easily recycled at the end of their life.

Disposal
We work hard to ensure zero waste goes to landfill and have achieved this since 2017.

Integrated Sustainability

A sustainable approach is integrated throughout all of our operations, from design to manufacturing, to distribution and when in use. Our teams always strive to innovate and introduce even more sustainable manufacturing practices at our 42 acre site in Somerset, United Kingdom.

- Extensive Solar Investment
- Resource-Efficient Technologies
- Zero Waste to Landfill

We support the following Sustainable Development Goals (SDGs) of the United Nations:

Sustainability in Action

Achieving ambitious sustainability targets requires innovation, action and transparency. These initiatives move us forward in reaching our goals and leading the way in providing sustainable cleaning solutions for our customers.

ReFlo Technology

Many of our products are engineered from our innovative, environmentally sustainable ReFlo Technology. We use the highest quality, recycled, post-industrial plastics, which are diverted from landfill.

The Bigger Picture

We've partnered with **charity: water** to provide water to communities and projects that need it the most. Through every purchase of a 244NX, we donate the equivalent of 5000L of water.
(See pages 10-11)

Not Just Any Offsetting

We've been reducing our carbon footprint and offsetting global bag sales since 2020. We've partnered with a leading company in carbon offsetting innovation, C Level.

ReFlo Technology

We continually review, refine and adapt our manufacturing processes to deliver even greater levels of sustainability throughout our product ranges.

MINIMUM 50% RECYCLED CONTENT
POST-CONSUMER
PRE-CONSUMER

Following extensive research and testing, we have introduced ReFlo Technology to our VersaCare and CleanCare ranges. Our teams are working hard to expand the use of sustainable materials across the Numatic product range, wherever possible.

Our ReFlo produced Janitorial Range of products carry the globally recognised SCS Recycled Content Certification. Working with an independent auditing body provides complete transparency and assurance to our customers. All our products certified by SCS Global Services guarantee a minimum of 50% recycled material is used.

WORKING IN PARTNERSHIP WITH:

charity: water

For every purchase of a 244NX, Numatic will fund the equivalent of 5000L of water to projects around the world.

Sustainable and responsible usage of clean water is critical to reducing waste and energy. The 244NX optimises the use of clean water, leaving floors clean, dry, safe and hygienic. Switching from conventional mopping to the 244NX can save users 5000L of water per year.*

We believe no person should be without clean, safe, running water.

That's why, in partnership with charity: water we are committed to helping run multiple projects a year to ensure those who need water the most, have access to it.

To do this, we pledge that for every purchase of a 244NX, we will fund 5000L of water to communities that need it.

"Every **244NX funds 5000L of water** to communities that need it."

*To find out more, visit: **numatic.com/charitywater**

Our initial project will take place in Madagascar, receiving 100% of the donations.

58% of the population currently lack safe drinking water.

Since 2021, we have donated

61.5 Million

Litres of Water to Projects Around the World.

"**Our projects will make a real difference to communities.** We'll keep all of our customers up to date with details, progress and completion of each project."

NX300 PRO CORDLESS NETWORK INCREASES PRODUCTIVITY

NX300 Pro Cordless Network delivers professional level performance to a versatile and expanding range. Quicker, safer and more convenient, switching to Pro Cordless raises productivity levels, saving time and money.

Smart Safe Charge System
Built-in battery status and health check safety system. The SoH (State of Health) system monitors multiple parameters ensuring battery safety.

Maximum Energy Deployment
Delivering power from cell to machine with minimum power loss via high-quality welded nickel power rails.

Integrated Heatsink Casing
Quickly and efficiently cools the pack in use, optimising delivery of power.

Integrated Handle
Quickly and easily hot swap batteries across the Pro Cordless Network.

Integrated Cooling Design
Keeping cool allows maximum power delivery, the clever NX300 pack design eliminates air pockets acting as an insulation transmitting heat directly out of the pack.

4 x Longer Lasting than Lead Batteries

Runs Longer
Configurable performance that suits you, offering increased runtime of up to 44%*[1]. Ensuring you can keep cleaning when it is most convenient for you.

Charges Faster
Unlike lead, NX1K allows complete flexible charging, unlocking the cleaning potential across the fleet, increasing available up-time.

More Sustainable
NX1K lasts longer than lead alternatives, significantly reducing material use and disposal, providing a much more sustainable solution.

Long Lasting
Delivering over 4000 charge cycles, NX1K will last as long as your machine. Utilising the latest Lithium Phosphate Technology, NX1K is one of the safest battery platforms on the market. Up to 8-year battery warranty*[2] provides complete peace of mind for you and your cleaning fleet.

*1 Any comparisons used are based on typical usage scenarios, results may differ. Performance comparisons use equivalent GelTec models.

*2 Standard warranty 5 years. 8 years warranty subject to terms and market agreement, please contact Numatic for more information.
